

Rule Name	Vendor	OS	Category	New Category
Network port(s) running in half duplex	bluecoat,checkpoint,f5,fortinet,juniper,paloaltonetworks,radware	sgos,gaia,gaia-embedded,ipso,secureplatform,BIG-IP,FortiOS,junos,panos,alteon-os	VendorBestPractices	HealthChecks
High-Availability configurations not meeting best practices	paloaltonetworks	panos	OrganizationStandards	CIS
Last configured security policy not set to block any/any	paloaltonetworks	panos	OrganizationStandards	CIS
Login Banner not configured	juniper,paloaltonetworks	junos,panos	OrganizationStandards	CIS
Service setting of ANY configured on security policy	paloaltonetworks	panos	OrganizationStandards	CIS
WMI Probing enabled	paloaltonetworks	panos	OrganizationStandards	CIS
An HTTP server is enabled on the device	juniper,paloaltonetworks	junos,panos	SecurityRisks	CIS
Configured SSH timeout too high	bluecoat,paloaltonetworks	sgos,panos	SecurityRisks	CIS
Panorama certificate about to expire	paloaltonetworks	panos	SecurityRisks	OngoingMaintenance
Admin Lockout Time is not within the recommended range	paloaltonetworks	panos	VendorBestPractices	CIS
Block dangerous URL Categories	paloaltonetworks	panos	VendorBestPractices	CIS
Device restarted (uptime low)	bluecoat,checkpoint,cisco,f5,fireeye,fortinet,gigamon,juniper,paloaltonetworks,radware,symantec	sgos,gaia,gaia-embedded,ipso,secureplatform,asa,ios,nxos,BIG-IP,wMPS,FortiOS,GigaVUE-OS,junos,panos,alteon-os,cas	OngoingMaintenance	HealthChecks
Authentication Profile(s) Misconfigured	paloaltonetworks	panos	OrganizationStandards	CIS
Interface HTTPS profile configured with incorrect IP address whitelist	paloaltonetworks	panos	OrganizationStandards	CIS
Interface SNMP profile configured with incorrect IP address whitelist	paloaltonetworks	panos	OrganizationStandards	CIS
Interface SSH profile configured with incorrect IP address whitelist	paloaltonetworks	panos	OrganizationStandards	CIS
Management Interface configured with incorrect IP address whitelist	paloaltonetworks	panos	OrganizationStandards	CIS
Password complexity not meeting best practices	paloaltonetworks	panos	OrganizationStandards	CIS
Security Policies allowing traffic do not meet baselines	paloaltonetworks	panos	OrganizationStandards	CIS
User-ID is enabled on untrusted management profiles	paloaltonetworks	panos	OrganizationStandards	CIS

User-ID is misconfigured to trust certain IP-addresses	paloaltonetworks	panos	OrganizationStandards	CIS
Zones not configured for User-ID Awareness	paloaltonetworks	panos	OrganizationStandards	CIS
Device not logging high DP Load	paloaltonetworks	panos	OrganizationStandards, VendorBestPractices	CIS
Anti-Spyware profile is not following best practices	paloaltonetworks	panos	SecurityRisks	CIS
Antivirus update schedule is not following best practices	paloaltonetworks	panos	SecurityRisks	CIS
DNS Sinkholing is not enabled	paloaltonetworks	panos	SecurityRisks	CIS
Wildfire content update schedule is not following best practices.	paloaltonetworks	panos	SecurityRisks	VendorBestPractices
Anti-virus package not up to date	paloaltonetworks	panos	VendorBestPractices	CIS
App package needs update	fortinet	FortiOS	VendorBestPractices	CIS
Content update schedule is not following best practices	paloaltonetworks	panos	VendorBestPractices	CIS
Decryption Profile is not following best practices	paloaltonetworks	panos	VendorBestPractices	CIS
GlobalProtect Clientless VPN content update schedule is not following best practices.	paloaltonetworks	panos	VendorBestPractices	CIS
High vmalloc usage	checkpoint	gaia,secureplatform	VendorBestPractices	HealthChecks
One or more Vulnerability profile is not following best practices	paloaltonetworks	panos	VendorBestPractices	CIS
Update schedule set to download only	paloaltonetworks	panos	VendorBestPractices	CIS
